Dr. I Smith Coburn of Milton loosen-ed a rib and severely strained muscles and ligaments during a severe coughing paroxysm Monday night.

The adjourned term of Chittenden county court will open next Monday. It is expected that criminal cases will take precedent over civil actions and it is probable that the state matters will occupy all the time until final adjournment.

The present demand for nurses in Rutland is said to far exceed the available supply. In fact, this season is a season of the year when sickness is prevalent and physicians are busier than they have been before in several months. Grip colds and pneumonia head the list at present.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for. Baldheads are growing more numer-ous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.
